

OOPS, I TORE THEM AGAIN

BRITNEY SPEARS has been working hard to get back her pre-baby body at the Millennium Dance Complex. Want proof? Check out her favorite fishnets, which get more tattered every day. Scoop counts the hosiery's holes:

ON THE BLOCK

50 CENT'S 53-ROOM MANSION

PRICE: \$18.5 million

PLACE: Farmington, Conn.

Who needs da club with a home like this? **50 Cent**, 31, is selling his 17-acre estate—complete with a home gym, movie theater and a 40-person hot tub—formerly owned by **Mike Tyson**. (One holdover from the Tyson days? The “entertainment room” with a deejay booth and stripper poles.) The 19-bedroom, 37-bath megamansion is “one of a kind,” says 50’s Realtor Steve Scott of Keller Williams.

50 Cent (a.k.a. **Curtis Jackson**) bought the house for \$4.1 million—then spent \$10 million on renovations.
